A year later and a dollar smarter? A clich=E9 way of saying that
the SPSR has not wasted it's time in learning everything
possible from the Mars Global Surveyor images as well as recent
mars meteorite findings. What's of more importance is how these
same findings may affect our planet Earth. This week they'll be
presenting those findings at the American Geophysical Union
Spring Meeting and here on MSN in the UFO Community's Briefing
Room.

instructions on how to access our free chat room)

The Briefing Room chat can be accessed by any IRC
client. The chat server name is irc.msn.com port 6667
and the room or channel name is #briefing.

Our chat room is open 24 hours a day, 7 days a
week for discussion relating to any UFO issues.
